

MANOS HOME-BASED PROGRAM

for children from ages 1 - 4

The MANOS Home-Based Program is a dual language program that performs one-on-one home visits to families with children at an early age to enhance early learning, literacy, and school readiness. The MANOS Home-Based Program provides families the opportunity to learn about their child's development, strategies to engage with their child, and how to develop their child's English & Spanish language skills. A child's first teacher is their family.
